Lynchburg Social Security Office Moves To New Building

The Lynchburg Social Security Office will move from its present location in the Tarkington Building, 2600 Memorial Avenue to the New Social Security Building, 2301 Park Avenue, Lynchburg, on Friday, August 31st. Office hours are 8:30 to 4:30 Monday through Friday and the telephone number is 847-8856.

Mr. William J. Vinson, District Manager, said Social Security trust fund money was used to purchase the land and construct the building.

The Social Security program is currently paying cash benefits at a monthly rate of more than $4 billion to over 28 million beneficiaries. Monthly cash payments are paid to retired workers and their families, disability benefits to disabled workers and their families and survivors benefits are paid to families of deceased workers. In addition to monthly cash payments, the Social Security Administration also handles the medicare program. This program helps pay hospital and other medical expenses for people over 65, to disabled workers drawing disability payments for two years or longer, and to many individuals suffering from chronic kidney disease.

Starting in January, 1974, the federal government will make monthly cash payments to people in financial need who are 65 or older or who are blind & disabled. This new program will take the place of the present federal-state programs of public assistance to people who are 65 or older or blind or disabled.

The Social Security Administration will run this program and applications are currently being accepted at the Social Security office. Even though the Social Security Administration will run the new federal program, supplemental security income is not the same as social security. The money to make supplementary security income payments will come from general funds of the U. S. Treasury. Social Security benefits are paid from contributions of workers, employers and self-employed people. Social security funds will not be used to make the supplemental security income payments.

The Lynchburg Social Security Office serves residents of

Primary School Announces Opening Day Procedures

The arrival of students at Appomattox Primary School and delivery of students to their teachers on the opening day of school will be facilitated through the work of teacher-aides and parent volunteers. Each of the thirty-one school buses will be met upon arrival by an adult and bus numbers be pinned on each student. The students will then be brought into the building by the adult and taken to the place where they are to go. This will be as follows: kindergarten-library and stage; first year students-open space area; second and third year students-cafeteria; and fourth year students will locate their assignment in rooms 16, 17, 18 and the three mobiles.

Parents are requested to send their children to school **ON THE BUS** for the first day. This will enable the teachers to put them on the correct bus in the afternoon for the return trip home. Bus schedules will remain relatively the same as they were last year.

Registration for Ford Division's 13th annual Punt, Pass and Kick (PP&K) program begins Aug. 20 at Ford dealerships throughout the country. More than 1,200,000 youngsters are expected to enroll for the competition this year. Almost 9,000,000 have participated in the previous 12 years of the PP&K program.
